### **4. Police Information Check**

According to the Protection for Persons in Care Act, clinical partners require a clear Police Information Check (PIC) including Vulnerable Sector Search (VSS). Any criminal code offence for which a pardon has not been received may be a deterrent to a student's entry into practicum or even the program. In cases where a PIC or VSS is not clear, the Dean or designate will conduct a formal assessment to determine whether the student would be permitted to enter the program.

### **7. Health Requirement**

This program may be difficult for any students with arm, back, shoulder, wrist, or neck problems, due to the nature of activities required while performing the duties of a sonographer. ---

### **8. Immunizations**

Students are required to provide proof of immunization status. Without complete and acceptable immunization status, practicum sites may refuse to accept students as per their organizational requirements, which could prevent successful completion of the program. By signing this application form, it is acknowledgement that this requirement is outside of the control of MCG Career College and is at the discretion of the practicum site. If they refuse to accept a student based on immunization status MCG Career College cannot necessarily find a replacement practicum site (one may not be available) which would result in the student not being able to complete practicum, which would not satisfy the requirements for completion of the program.
